Try Making Your Own Cough Remedy

You can save short \$2, and have by a better remedy than die readymade kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ curaces of Piner, pour it into a punt bottle and fill the bottle with syrup, using either plain granulated sugar gyrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right-at the cause of a cough and gives almost immediate relief. It loosens the phlepm, stope the masty throat tickle and heals the sore, irritated membranes so pently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for broachitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Nerway
